## THE BEE HIVE!

## LADIES' GOWNS

\$1.50

89 Cents

We have purchased from one of the largest muslin underwear manufacturers in the country their entire remaining stock of one grade of Ladies' Night Gowns. These Gowns were originally made and sold to retail at \$1.50, and you have paid this price many a time for Gowns that do not possess the merit of this special lot. They are made of high-grade cambric, neck and sleeve trimmed with superb torchon lace. Some come with lace yokes, others with tucked yokes and ruffled cuffs. There are only about 20 dozen in all. Remember, 89c. instead of \$1.50.

## READY-TO-WEAR LINEN and PIQUE SKIRTS.

We gave this stock the very strictest attention this season. We determined that every skirt should have the proper hang and fit and be as up-to-date as the best skirt makers could produce 'em. Prices considered, we warrant the quality of the linen in every one of our skirts. We have them in the plain effects, others trimmed with fancy white braid and some trimmed with five rows of navy blue braid of different widths, at 45c., 89c., \$1.25 and \$1.98. A great line of White Pique Skirts, made of different styles of welts, worth fully \$1.50, at 89c.

## SOUND ON THE GOOSE.

Ike Lane's Big Gun Yesterday Brought Down a Whopping Owl.

Mr. Isaac M. Lane was out on a gunning expedition yesterday and killed another goose. We don't know whether this one belonged to Colonel Rees Wallingford or not, for it had large claws and a funny kind of a bill for a goose.

It measured four feet from tip to tip and didn't have any red ribbon around its neck as Mr. Wallingford promised to put on all his ganders and ganderettes when he let them out.

This goose was an owl and was sitting in the top of a tall oak when Ike fired at it. Paraphrasing the remark of Admiral Dewey, we advise everything living to keep out of the way of Ike Lane's gun when he has his hunting clothes on.

## THOMAS P. DEGMAN.

Brief Sketch of Mason County's Candidate for the State Senatorship.

Elder T. P. Degman, candidate for State Senator, was born in 1847.

He is now 51 years old.

He was a Union soldier until the close of the War, and was mustered out as a non-commissioned officer.

He has been a life-long Republican, yet has never asked his party for anything until now. He is living in Springdale where he does business, but has a good farm of about 300 acres near by.

He and his good wife manage about 150 colonies of bees, and they milk several cows. Hence milk and honey is no rarity.

Besides the supervision of the farm and so forth, the Elder preaches every Sunday. One Sunday in each month he gives to his home people at Bethany, where he is usually greeted by large crowds of attentive hearers. The Church there under his supervision is in a flourishing condition, the house being recently re-roofed, &c. Also a new organ has been purchased and paid for, and arrangements are now being made for a gala day May the 30th.

The Preacher, as nearly everybody calls him, has been invited out on that day but has promised to stay with friends at home.

If his Republican friends will honor him with a chance for a seat in the General Assembly of old Kentucky he assures them that they will never regret it.

## \$100—Reward—\$100.

The reader of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo, O.

## FLOTSAM—JETSAM—LIGAN!

NEWSY NOTES FROM NATURE'S GREAT HIGHWAY.

The Virginia will pass up tonight for Pittsburgh.

The Ada V. passed up with a small tow of Pomeroys empty.

The Bonanza will attend to the business in the Pomeroys trade tonight.

The Henry M. Stanley will pass down tomorrow from Charleston for Cincinnati.

Cincinnati was getting short on coal, having less than 1,000,000 bushels in the harbor.

The City of Pittsburgh is advertised to pass up early in the morning for Pittsburgh.

The total coal shipments from Kanawha river on the present rise will aggregate 1,000,000 bushels.

The Advance Coal Company has 5,000 tons of steel rails loaded in three big model barges at Pittsburgh, ready to leave for New Orleans on the first rise.

The Ohio is falling at headwaters, but as yesterday's rain was general throughout the entire Ohio Valley and watershed it is pretty certain to cause another and more substantial rise. The river is falling at this point, with 20 feet on the marks.

A correspondent writes to know which is the oldest boat, the Boston or the Buckeye State, and also if there ever was another Buckeye State? The Boston was built in 1879 and the present Buckeye State in 1883. During the existence of the Cincinnati and Pittsburgh and the Louisville and Wheeling Lines, "way back in the 50's," when there were steamboats on the Ohio river—one of the fastest boats of that time was named Buckeye State.

The Pittsburgh News says: "A custom that is not relished by some boat-owners is that whereby every boat making a landing anywhere along the lower rivers is charged \$2 for the privilege every time the boat puts its nose on the shore. There is said to be no law requiring boats to pay for such a privilege, and some steps may be taken to see whether the assessments cannot be done away with. Sometimes there are as many as thirty towboats leaving here on a rise, and usually each boat ties up at least twice between here and Wheeling."

PITTSBURGH, May 12th.—The total shipment of coal was 317 barges, or 4,438,000 bushels. This is the largest shipment made in a single day this year. The reason for this was the sudden rise, and it did not last long, so that the boats had to get out as soon as possible. The Ohio river has fallen a foot since yesterday, but it is expected to rise again or remain nearly stationary as a result of rain up both valleys last night. The following additional shipments were made: Relief, 6 barges; Belle McGowan, 4 barges; Little Dick, 5 barges; Maggie, 4 barges; Harry P. Jones, 5 barges; Hawk, 5 barges; Sam Brown, 12 barges; Hornet No. 2, 10 barges; Nellie Walton, 8 barges; Twilight, 6 barges; Little Fred, 6 barges; Acorn, 6 barges; Charles Hook, 3 barges; Volunteer, 5 barges; Robert Jenkins, 3 barges; Cruiser, 5 barges. The only accident known to have happened occurred at Logstown, where the Hawk is reported to have stuck a barge of coal, but it is in good shape.

## About Silk Waists

There is not an old silk waist in this stock. The new, the correctly stylish, the dependable kinds of waists are the only sorts offered the patrons of this store. We cannot afford to make quality subservient to mere cheapness. We cannot afford to ever lose sight of quality, and we take care that we don't. Judge the gathering by these: White and black plaid silk waist with black satin stripe, trimmings of ruffled white satin ribbon and small fancy buttons, tucked vest of white surah. Early season price \$10; now \$6.50. Plaid taffeta, pink, black and maize, tucked front and back with fancy collar. \$4. Gray taffeta with overstripe of green satin; mulled yoke of white silk and trimmings of rhinestone buckles and double ruffle of white and green satin ribbon. \$6.50.

## DRESS FABRICS.

Correct and new. You could count on the fingers of one hand the last season's styles in this dress goods stock—and they are mostly in the bargain lots. The new stuffs are making a "hit." The fun of it is that the cost don't hit your pocket-book hard. There is a marked disparity between the stylish materials and their humble price. For instance: Excellent quality covert in green and brown 50c. Black covert in new shade of oyster, very late novelty, 50c. Handsome line of plaids in summer weight for separate skirts 48c. and 50c. a yard. Small checks in stylish color combinations, new patterns, 50c.

## DRESS TRIMMINGS.

The manufacturers have conjured some wonderfully beautiful and brilliant trimmings. The spring gown calls for more elaboration this year than has been customary for some seasons past. As usual we are well equipped to fill your trimming wants.
